Timing. Speakers have 15 minutes, discussants 5 minutes. Any remaining time is left for questions from the floor. The long sessions (with 4 papers) have a short break (5 minutes) in the middle.

Chairs. Session Chairs take care that the schedule is kept to, that Q&A is well-organized, and that time is split evenly across presentations. In particular, session chairs ensure that presentations are not extended into empty slots (so that people can rely on the schedule and jump between sessions).

Online participants. Links and access data are provided at the end of the program.
